6. The Licensing Objectives and Board Policy

The Board is required in terms of the Act to publish and maintain, at regular intervals, a statement of their policy to assist in the implementation and administration of the licensing of the sale and supply of alcohol within their area and to outline the way they intend to exercise their functions under the Act. A link to the Board’s published Policy is provided at section 5.2 above.

The Act requires the Board to carry out its various licensing functions so as to promote the five licensing objectives. These are:

- Preventing crime and disorder.
- Securing public safety.
- Preventing public nuisance.
- Protecting and improving public health.
- Protecting children and young persons from harm.

The objectives provide a basis for refusal of an application for the grant of a premises licence or of an occasional licence and a breach of condition in a licence may lead to the imposition of sanctions on a personal licence holder or provide grounds for the review of a premises licence. The attachment of conditions to a premises licence or occasional licence may be based on any of the objectives.

All reports to the Board regarding applications for determination refer the Board to its Policy provisions and contain advice about the licensing objectives and grounds for objection, as well as for grant or refusal. The reports contain advice that applications must be refused if they are inconsistent with any of the licensing objectives. The reports draw attention to pertinent provisions of the Board’s statement of licensing policy which are to provide guidance to the Board in considering matters presented to the Board.

Whilst the Board can provide a summary of decisions made, as provided in the section on Contextual Information above, it is more difficult for it to provide detailed analysis of all decisions. The Board’s Licensing Policy Statement can assist; Board meetings are held in public; agendas and reports are published; Minutes of meetings are published; and Statements of Reasons, which are very detailed documents, can be requested in accordance with the Act for specific decisions on applications.
