

Equality Impact Assessment Template (April 2011)

The purpose of an Equality Impact Assessment (EqIA) is to improve the work of Orkney Islands Council by making sure it promotes equality and does not discriminate. This assessment records the likely impact of any changes to a function, policy or plan by anticipating the consequences, and making sure that any negative impacts are eliminated or minimised and positive impacts are maximised.

2. INITIAL SCREENING	
What are the intended outcomes of the function/policy/plan?	Currently no charge is levied in respect of the cost of housing support in sheltered housing. Given the Tough Times Tough Choices Agenda this requires to be addressed.
State who is, or may be affected by this function/policy/plan, and how	New tenants of sheltered housing and potentially new tenants of supported housing (see separate consultation on use of Rae's Close, Stromness). No charge will be levied for existing tenants.
How have stakeholders been involved in the development of this function/policy/plan?	A Member / Officer Working Group on Charging for Council Services were involved from the outset. Consultations on Local Housing Strategy development and a range of related strategies including the Older Persons' Housing Strategy were run during April 2011 and these link closely. This included other Council Services including Education and Recreation, Planning and Corporate Policy and other agencies including

	<p>Orkney Health and Care, Orkney Housing Association Ltd, Sacro, Orkney CAB, Advocacy Orkney and Relationships Scotland.</p> <p>These stakeholders were then involved in the consultation once a document outlining detailed information on charging for sheltered housing had been drafted. Survey monkey was also used.</p> <p>The consultation included existing tenants, their carers/power of attorneys etc, public members and staff. In addition it included people on the waiting list for sheltered/supported housing. The consultation included a press release and an article in Housing News. The written information and survey was available from the Council's website at www.orkney.gov.uk and was available in hard copy at the Council's offices and libraries.</p> <p>Housing staff were also involved. A meeting was held at the residents' lounges ahead of the consultation being launched. This involved staff, residents and their advocates etc.</p> <p>The quality of Housing Services is assessed through our internal procedures and also a range of Questionnaire. This includes a satisfaction survey for sheltered housing tenants.</p>
<p>Is there any existing data and/or research relating to equalities issues in this policy area? Please summarise.</p> <p>e.g. consultations, national surveys, performance data, complaints, service user feedback, academic/consultants' reports, benchmarking (see equalities resources on OIC information portal)</p>	<p>The Scottish Government has a range of research into the housing needs of older people. Its Draft National Strategy for Older People: A Consultation links closely to our Older Persons' Housing Strategy. Research including Wider Planning for an Ageing Population and Reshaping Care for Older People is central to the document.</p>
<p>Could the function/policy have a differential impact on any of the following equality strands?</p>	<p>(Please provide any evidence – positive impacts/benefits, negative impacts and reasons)</p>
<p>1. Race: this includes ethnic or national groups, colour and nationality</p>	<p>Potentially if for instance there was a language barrier but our Accessibility Policy is specifically intended to address this. We keep service records which include records of any requirements for information in different formats and languages.</p>
<p>2. Sex: a man or a woman</p>	<p>Impact is unlikely to be significant.</p>
<p>3. Sexual Orientation: whether a person's sexual attraction is towards their own sex, the opposite sex or to both sexes</p>	<p>Impact is unlikely to be significant.</p>

4. Gender Reassignment: the process of transitioning from one gender to another	Impact is unlikely to be significant.
5. Pregnancy and maternity	Impact is unlikely to be significant.
6. Age: people of different ages	Sheltered housing is available for older people but charging would apply to all new tenants.
7. Religion or beliefs or none (atheists)	Impact is unlikely to be significant.
8. Caring responsibilities	Impact is unlikely to be significant. Sheltered housing is available for older people but charging would apply to all new tenants.
9. Marriage and Civil Partnership	Impact is unlikely to be significant.
10. Disability: people with disabilities (whether registered or not)	Impact is unlikely to be significant.

3. IMPACT ASSESSMENT

Does the analysis above identify any differential impacts which need to be addressed?	Language barriers are a possibility in relation to different ethnic groups. Age, caring responsibilities and disabilities are also likely to raise issues given the nature of the policy.
How could you minimise or remove any potential negative impacts?	Potential language barriers and issues arising as a result of age, caring responsibilities and disabilities can be addressed through normal working arrangements and our Accessibility Policy.
Do you have enough information to make a judgement? If no, what information do you require?	Yes

4. CONCLUSIONS AND PLANNED ACTION

Is further work required?	No
What action is to be taken?	N/A
Who will undertake it?	N/A
When will it be done?	N/A
How will it be monitored? (e.g. through service plans)	Monitoring will be three yearly as part of Housing Services' rolling review programme.
