

Bus Routes

There will be changes to public bus services during May, June and July as the Council carries out vital surface dressing works across Orkney.

Roads will be closed in both directions for a time while surface dressing is carried out - meaning bus routes will be affected during the hours of work.

The information below advises diversions that will be taken by relevant buses during road closures. It is presented in the order surface dressing work is expected to take place. Look out for regular updates from us throughout the coming weeks about the areas we're working on and moving to next.

There could be delays as a result of diversions - please allow plenty of time for your journey.

As surface dressing is weather dependent, please check our [Facebook](#), [Twitter](#) or [News section of our website](#) for the latest updates before travelling on whether your bus service is affected on any particular day.

You can also call Stagecoach on 01856870555 or the Council's Transport team on 01856873535, or download the Stagecoach 'app' for live bus information.
