

Equality Impact Assessment Template

The purpose of an Equality Impact Assessment (EqIA) is to improve the work of Orkney Islands Council by making sure it promotes equality and does not discriminate. This assessment records the likely impact of any changes to a function, policy or plan by anticipating the consequences, and making sure that any negative impacts are eliminated or minimised and positive impacts are maximised.

| 2. INITIAL SCREENING | |
| What are the intended outcomes of the function/policy/plan? | The population of Scotland is ageing and planning for the housing needs of older people is vital. |
| State who is, or may be affected by this function/policy/plan, and how | Older people ie those above state retirement age and those planning their housing when they become part of this group and agencies providing services for this group. |
| How have stakeholders been involved in the development of this function/policy/plan? | Initial sessions on Local Housing Strategy development and a range of related strategies including the Older Persons' Housing Strategy were run during April 2011. This included other Council Services including Education and Recreation, Planning and Corporate Policy and other agencies including Orkney Health and Care, Orkney Housing Association Ltd, Sacro, Orkney CAB, Advocacy Orkney and Relationships Scotland. These stakeholders were then involved in the |

The consultation included a press release and an article in Housing News. In addition survey monkey was used. The Strategy was available from the Council's website at www.orkney.gov.uk and was available in hard copy at the Council's offices and libraries.</p> <p>Housing staff involved to draw on issues arising over recent months.</p> <p>The quality of Housing Services is assessed through our internal procedures and also a range of Questionnaire. This includes a satisfaction survey for sheltered housing tenants.</p> |
| <p>Is there any existing data and/or research relating to equalities issues in this policy area? Please summarise.</p> <p>e.g. consultations, national surveys, performance data, complaints, service user feedback, academic/consultants' reports, benchmarking (see equalities resources on OIC information portal)</p> | <p>The Scottish Government has a range of research into the housing needs of older people. Its National Strategy for Older People links closely to our Older Persons' Housing Strategy. Research including Wider Planning for an Ageing Population and Reshaping Care for Older People is central to the document.</p> |
| <p>Could the function/policy have a differential impact on any of the following equality strands?</p> | <p>(Please provide any evidence – positive impacts/benefits, negative impacts and reasons)</p> |
| <p>1. Race: this includes ethnic or national groups, colour and nationality</p> | <p>Potentially if for instance there was a language barrier but our Accessibility Policy is specifically intended to address this. We keep service records which include records of any requirements for information in different formats and languages.</p> |
| <p>2. Sex: a man or a woman</p> | <p>Impact is unlikely to be significant.</p> |
| <p>3. Sexual Orientation: whether a person's sexual attraction is towards their own sex, the opposite sex or to both sexes</p> | <p>Impact is unlikely to be significant.</p> |
| <p>4. Gender Reassignment: the process of transitioning from one gender to another</p> | <p>Impact is unlikely to be significant.</p> |
| <p>5. Pregnancy and maternity</p> | <p>Impact is unlikely to be significant.</p> |
| <p>6. Age: people of different ages</p> | <p>The strategy is specifically intended to meet the needs of older people and in doing so it has to identify those needs very clearly. The strategy itself and our Accessibility Strategy is intended to address those</p> |

| | needs accordingly. |
| 7. Religion or beliefs or none (atheists) | Impact is unlikely to be significant. |
| 8. Caring responsibilities | Caring responsibilities are likely to be central to the aims of the strategy. The strategy itself and our Accessibility Strategy is intended to address those needs accordingly. |
| 9. Marriage and Civil Partnership | Impact is unlikely to be significant. |
| 10. Disability: people with disabilities (whether registered or not) | Disabilities particularly those arising as a result of the ageing process are likely to be central to the aims of the strategy. The strategy itself and our Accessibility Strategy is intended to address those needs accordingly. |

3. IMPACT ASSESSMENT

| | |
|---|--|
| Does the analysis above identify any differential impacts which need to be addressed? | Language barriers are a possibility in relation to different ethnic groups. Age, caring responsibilities and disabilities are also likely to raise issues given the nature of the strategy. |
| How could you minimise or remove any potential negative impacts? | Potential language barriers and issues arising as a result of age, caring responsibilities and disabilities can be addressed through normal working arrangements and our Accessibility Policy. |
| Do you have enough information to make a judgement? If no, what information do you require? | Yes |

4. CONCLUSIONS AND PLANNED ACTION

| | |
|--|--|
| Is further work required? | No |
| What action is to be taken? | N/A |
| Who will undertake it? | N/A |
| When will it be done? | N/A |
| How will it be monitored? (e.g. through service plans) | Monitoring will be three yearly as part of Housing Services' rolling review programme. |
