Orkney Road Safety Strategy – Delivery Plan update for 2024-25.

Report by Director of Infrastructure and Organisational Development.

1. Overview

- 1.1. This report presents the Orkney Road Safety Strategy’s Delivery Plan update for 2024-25 for members’ information.
- 1.2. The Scottish Government’s Road Safety Framework to 2030 builds on what has already been achieved over the last decade and sets out a vision for Scotland to have the best road safety performance in the world and an ambitious long-term goal where no-one dies or is seriously injured or killed on roads by 2050.
- 1.3. This Framework sets new interim targets to 2030 with intermediate outcomes. The Framework sets out five strategic outcomes which describe the road safety environment and align with the five pillars of the Safe System:
 - i. Safe Road Use.
 - ii. Safe Vehicles.
 - iii. Safe Speeds.
 - iv. Safe Roads and Roadsides.
 - v. Post-crash Response.
- 1.4. A Safe System involves those who manage and design the roads as well as those who use them; each is responsible for, and must contribute to, eradicating fatal and serious injuries. Ultimately, all road users are expected to use the roads safely and comply with the rules.
- 1.5. On 26 March 2024, the Development and Infrastructure Committee approved Orkney’s Road Safety Strategy to 2030, enshrining the Safe System values into the day to day duties of the Roads Service.
- 1.6. The Development and Infrastructure Committee also recommended that an annual Road Safety Strategy Delivery Plan should be provided to the committee to provide a status update on the long-term targets outlined in the Road Safety Strategy to 2030.

- 1.7. Orkney's Road Safety Strategy Delivery Plan 2024-25 is attached as Appendix 1.
- 1.8. Progress towards these targets is also reported on a quarterly basis to the local Road Safety Forum.

2. Recommendation

- 2.1. It is recommended that members of the Committee:
 - i. Note the target updates contained within Orkney's Road Safety Strategy Delivery Plan 2024-25, attached to this report as Appendix 1.

Implications of Report

1. **Financial:** There are no financial implications directly attributable to this report. Any proposed road safety initiatives or projects will be undertaken utilising existing road safety revenue budgets, and/or external funding sources wherever possible. Work to access those funds is an ongoing part of delivering the Road Safety Strategy.
2. **Legal:** Section 39 of the Road Traffic Act 1988 requires that each local authority must, along with other duties:
 - Prepare and carry out a programme of measures designed to promote road safety.
 - Carry out studies into accidents arising out of the use of vehicles on roads or parts of roads, other than trunk roads, within their area; and
 - In light of these studies, take such measures as appear to the authority to be appropriate to prevent such accidents, including the dissemination of information and advice relating to the use of roads.
 - Orkney's Road Safety Strategy to 2030 assists the Council in discharging the duties referred to above.
3. **Corporate Governance:** Not applicable.
4. **Human Resources:** None.
5. **Equalities:** Not required.
6. **Island Communities Impact:** Not required.
7. **Links to Council Plan:** The proposals in this report support and contribute to improved outcomes for communities as outlined in the following Council Plan strategic priorities:
 - Growing our economy.
 - Strengthening our Communities.

- Developing our Infrastructure.
 - Transforming our Council.
- 8. Links to Local Outcomes Improvement Plan:** The proposals in this report support and contribute to improved outcomes for communities as outlined in the following Local Outcomes Improvement Plan priorities:
- Cost of Living.
 - Sustainable Development.
 - Local Equality.
 - Improving Population Health.
- 9. Environmental and Climate Risk:** No adverse impacts envisaged.
- 10. Risk:** None.
- 11. Procurement:** No adverse impacts envisaged.
- 12. Health and Safety:** The express aims of this report are to improve road safety for all road users.
- 13. Property and Assets:** No adverse impacts envisaged.
- 14. Information Technology:** No adverse impacts envisaged.
- 15. Cost of Living:** No adverse impacts envisaged.

Introduction

This Annual Delivery Plan complements and supports Orkney's Road Safety Strategy to 2030.

The following 12 National Strategic Actions of the Scottish Government's Road Safety Framework to 2030 have both national and local deliverables developed with our local partners. Each deliverable is provided with Detail, Lead Partner, Target Date and an Update Section.

Lead Partners will have responsibility to action and monitor these deliverables and provide updates to the members of the Road Safety Forum at the quarterly meetings. The lead partners referred to in the following tables include Orkney Islands Council (OIC), Police Scotland (PS), Scottish Fire and Rescue Service (SF&RS), NHS Orkney (NHS) and Scottish Ambulance Service (SAS).

This collective approach will work towards achieving the Framework's Vision:

FOR SCOTLAND TO HAVE THE BEST ROAD SAFETY PERFORMANCE IN THE WORLD

SPEED

Deliver a range of speed management initiatives to support the Safe System.

	Deliverable	Detail	Lead Partner	Target Date	2024-25 Update
1	National Speed Management Review – 2021-22	Implement the range of measures as detailed in Transport Scotland’s National Speed Management Review to establish appropriate speed limits across the urban and rural network.	OIC	Ongoing	20mph consultations are planned for 2025-26. It is intended that 30mph extensions be considered once the 20mph project is complete.
2	High Visibility Patrols	Deployment of high visibility patrols to target offenders and improve driver behaviours and attitudes on strategic routes identified from Road Policing command area tactical plans where a high incidence of speeding occurs. Patrols/enforcement in areas frequented by vulnerable road users i.e. school zones etc.	PS	Ongoing	Orkney teams have responsibility for various geographical areas and support provided locally to areas frequented by vulnerable road users, in particular to school zones.

				majority of bridges on Orkney's classified network.

CLIMATE

Deliver road safety initiatives that positively impact the climate emergency and we will mitigate the negative impacts climate change may have on road safety.

	Deliverable	Detail	Lead Partner	Target Date	2024-25 Update
7	Promote smooth driving through various education and engineering methods	Educate and promote smooth driving and reduction in speed through roadside-activated speed limits.	OIC	Ongoing	Speed Indication Devices continue to be deployed at various locations. It is hoped that additional signage will be procured utilising RSIF funding in 2025-26.
8	All schools to have a current School Travel Plan	Continue to develop, promote and encourage safer, healthier and more environmentally friendly travel choices.	OIC	Ongoing. Aim to have these in place by March 2027.	1 st Tranche – live STPs (Eday, Shapinsay, Stromness, Stronsay, Westray). 2 nd Tranche – developing STPs. (Burray,

CHANGE IN ATTITUDES & BEHAVIOUR

Engage in partnership working to enable all road users to understand their road safety responsibilities, allowing them to improve their attitudes and behaviours for the safety of themselves and others.

	Deliverable	Detail	Lead Partner	Target Date	2024-25 Update
14	Transport Scotland's national conversation on road safety across all of Scotland	Promote the national conversation on road safety to encourage greater personal responsibility and a change in perception which should lead to a transformation of the road safety culture. Promote the annual Scottish Road Safety Week to raise awareness to reduce road fatalities with areas of focus such as speed, seatbelts and drink driving.	All	Ongoing	OIC Roads attended Road Safety Scotland Seminar on 26 March 2025 in Edinburgh. Save the date for 2026 RSS Seminar 31 March 2026.
15	Scotland's Road Safety Framework online portal	Promote the use of the portal which will be regularly updated with new and relevant information to ensure road users can learn and enhance their road safety knowledge.	All	Ongoing	This continues to be promoted with local partners.
16	Give Cycle Space Campaign	Give Cycle Space is an annual, national campaign to encourage drivers to give space to people cycling. It highlights the legal consequences to drivers of close-passing cyclists.	PS	Ongoing	Local media/enforcement to compliment May campaign.
17	Driving for work	Share road safety messages to those who drive for work.	All	Ongoing	Driving at Work Policy & Handbook updated Sept 2024.

	Deliverable	Detail	Lead Partner	Target Date	2024-25 Update
18	Practical Cycle Awareness Training	Cycling Scotland will continue to educate and raise awareness to drivers to provide a greater understanding of vulnerable road user needs.	OIC PS	Ongoing	HITRANS officer trained by Cycling Scotland to deliver theory sessions to secondary schools and fleet drivers.
19	Fair Warn Campaign	The Orkney Fair Warn Campaign aims to change driver behaviour by involving the community and raising awareness about the consequences of anti-social and inconsiderate driving. The campaign focuses on tackling issues like excessive noise, breaking local bylaws, illegal parking, and endangering vulnerable road users.	PS	Ongoing	Orkney Fair Warn has continued throughout the year which continues to provide an option to warn motorists.
20	Road Worthy Vehicles	Work with partner agencies, such as DVSA, to conduct enforcement into the road worthiness of all types of vehicle, ensuring the most dangerous vehicles are prohibited from being on our roads.	PS	Ongoing	Road worthiness has been part of the winter campaign and ongoing patrols and enforcement; this has been mainly single agency but looking to increase engagement

					with other agencies.
21	Sustainable Travel Group	Active participation of the Group to ensure efficient use of investment in active and sustainable travel.	OIC	Ongoing	27/06/24 – Orkney Travel Matters report launch.

TECHNOLOGY

Promote new and emerging technologies for use within the Safe System.

	Deliverable	Lead Partner	Target Date	2024-25 Update
22	Make Use of Social Media for updating on Current Travel Advice	PS OIC	Ongoing	Media updates continue to be issued, for example during snow, ice or flood events.

ACTIVE & SUSTAINABLE TRAVEL

Ensure road safety remains a key focus of active and sustainable travel in Orkney

	Deliverables	Detail	Lead Partner	Target Date	2024-25 Update
23	Deliver on national strategy for 20mph speed limits and zones	Ensure all appropriate roads in built up areas have a safer speed limit of 20 mph by 2025.	OIC	Dec 2026	Presentation to NS&I consultative group took place in June 2024. Report to Committee in Sept 2025. Works need to be complete by end of 2025-26.
24	Cycling Framework for active travel in Scotland	Take cognisance of the Framework and delivery plan and other relevant plans.	OIC	Ongoing	Feedback given on some development trust mobility plans on Active Travel inclusion.
25	Continue to support through encouragement and advice the benefits of safe use of our streets.	Continue to promote the benefits of walking, particularly in communities and to and from schools and support and encourage communities in making their own streets safe attractive place to live.	OIC HITRA NS	Ongoing	Funded all-ages curated Active Travel books at Orkney Library

	Deliverables	Detail	Lead Partner	Target Date	2024-25 Update
26	Ensure road safety is a key focus and a deliverable across local policies including active and sustainable travel.	Strengthen the connection/alignment with road safety across local policies to highlight where road safety can assist in the delivery of their own objectives.	OIC	Ongoing	This continues to take place wherever possible.
27	Transport Scotland to invest in delivery of high-quality walking, cycling and wheeling infrastructure and place-making projects that are segregated from other road traffic to enable more people to choose to walk and cycle for shorter everyday journeys	Collaborative working between Transport Scotland and Orkney Islands Council to provide safer routes to increase active travel and reduce numbers of cars on roads both of which will impact on reduction in vulnerable road users killed and seriously injured.	OIC	Ongoing	Active travel projects continue to be developed wherever possible.
28	All schools to have a current School Travel Plan	Continue to develop, promote and support more sustainable transport options in Orkney. To encourage safer, healthier and more environmentally friendly travel choices. To reduce the number of single car journeys to/from school by parents and staff.	OIC	Ongoing . Aim to have these in place by March 2027.	1 st Tranche – live STPs (Eday, Shapinsay, Stromness, Stronsay, Westray. 2 nd Tranche – developing STPs.
