**Development and Infrastructure Committee: 15 February 2022.**

**Inter-Island Ferry Services – Proposed Winter 2022/23 Timetables.**

**Report by Interim Executive Director of Finance, Regulatory, Marine and Transportation Services.**

### **1. Purpose of Report**

To consider the proposed inter-island ferry services timetables, excluding the Outer North Isles) for winter 2022/23.

### **2. Recommendations**

The Committee is invited to note:

#### **2.1.**

That the inter-island ferry services timetables for winter 2022/23 are scheduled to operate from 26 September 2022 to 6 May 2023.

#### **2.2.**

That draft timetables in respect of ferry services to be operated by Orkney Ferries Limited during winter 2022/23 were presented to the Ferry Services Consultative Forum for consideration on 12 January 2022.

#### **2.3.**

That, given the continued uncertainty regarding COVID-19 restrictions and staff staying overnight on board the Outer North Isles vessels where they cannot socially distance, the Ferry Services Consultative Forum requested that the Outer North Isles winter 2022/23 timetable be deferred meantime.

#### **2.4.**

That, on 27 January 2021, the proposed timetables, together with feedback from the Ferry Services Consultative Forum, were considered by the Board of Orkney Ferries Limited and recommended to the Council for implementation, including the proposed deferral of consideration of the Outer North Isles winter 2022/23 timetable meantime.

#### **2.5.**

That the proposed timetables, attached as Appendix 1 to this report, which do not include timetables for the Outer North Isles, remain consistent with those operated in previous years.

## **2.6.**

That, in advance of the Council's budget setting process for 2022/23 being concluded, any decision on the proposed Orkney Ferries' timetables for winter 2022/23 will be subject to an adequate service revenue budget being established.

**It is recommended:**

## **2.7.**

That, subject to an adequate service revenue budget being established for 2022/23, the timetables, to be operated by Orkney Ferries Limited during winter 2022/23, attached as Appendix 1 to this report, be approved.

## **2.8.**

That, following consultation with communities during summer 2022, powers be delegated to the Interim Executive Director of Finance, Regulatory, Marine and Transportation Services, in consultation with the Ferry Services Manager, to determine the winter 2022/23 timetable for the Outer North Isles.

# **3. Background**

## **3.1.**

In accordance with the Service Level Agreements entered into by Orkney Ferries Limited and the Council, a recommendation from the Board of Orkney Ferries must be made via the Head of Marine Services and Transportation in order for the winter and summer timetable periods to be approved by this Committee.

## **3.2.**

The six Outer North Isles Community Councils each appoint a Transport Representative to represent their respective communities on the Inter-Isles Ferry Service Consultative Forum.

# **4. Ferry Services Consultative Forum**

## **4.1.**

The draft timetables for winter 2022/23 were considered by the Ferry Services Consultative Forum on 12 January 2022.

## **4.2.**

It was noted that the Sunday Winter sailings for Hoy and Flotta were not yet in operation due to a staffing resource issue. The Ferry Services Manager noted this as an action point as it is something that Orkney Ferries Limited are looking to progress as soon as possible following discussions with unions. It was noted that formal correspondence from both communities is required to establish if they are content with the timetable proposed for Sundays. As there was no Hoy representative at the meeting, it is expected that this will be communicated via Democratic Services.

### **4.3.**

The Rousay, Egilsay, Wyre and Gairsay Transport Representative noted that they were delighted to now receive the Sunday services and proposed no further changes for 2022/23.

### **4.4.**

The North Ronaldsay timetable is consistent with previous years and therefore there were no proposals to alter this; however a request was made from the Community Council to provide additional resilience during the winter months by providing an additional freight flight. As this would have cost implications, it was noted that this would need to be considered in more detail and liaise with Loganair as to whether it was feasible to factor this into the existing timetable.

### **4.5.**

It was noted that a meeting with key stakeholders was held in December 2021 to discuss the Papa Westray timetable for winter 2022/23 given this winter was its first year of operating under Orkney Ferries Limited (formerly under contract). The timetable was altered by 10 minutes during the week which would still allow for onwards connection to the Rapness ferry if required but also ensure that pupils would be arriving at school on time. Passenger carryings will be monitored on this route outwith school times to see if the timetabled service should continue as operated or if it should operate on an on-demand basis when demand is low. It was noted that the current public bus service on Westray operates on an on-demand basis during winter months and as they operate school runs in the morning, they are currently unable to provide an onwards connection to the Rapness ferry. As meeting the additional ferry connections is outwith the current scope of the bus contract and would require an additional driver and bus, the costs are significant given the likely demand for a through service. It was therefore noted that the passenger figures will be monitored, and, in the meantime, a taxi service is available on the island.

### **4.6.**

The Stronsay Transport Representative noted that Stronsay has benefitted from an improved Outer North Isles timetable since the COVID-19 timetable was implemented, thereby removing the overnighting in the isles. It was however noted that the timetable resulted in a later sailing on a Wednesday morning and had impacts for other islands such as Sanday and Eday as well as removing what little resilience there is to move the North Ronaldsay sailing in the event of adverse weather. It was noted that overall, the pre-COVID-19 winter timetable provided a more equitable service overall.

### **4.7.**

Although the pre-COVID-19 timetable was presented to the Forum for consideration, it was agreed that, at this time, it is not known whether it is feasible to operate services next winter with overnighting. It was noted that to input a timetable into the Orkney Ferries booking system, which may then be subject to change, takes significant resources and is not ideal, despite following this method during 2020 and

2021. It was preferable to make a decision regarding the winter timetable during the summer months, following discussions with the unions and staff. It was therefore agreed that the Outer North Isles timetable should not be considered by Committee at this time and that instead, the timetable will be presented to Committee, following consultation with communities during summer 2022, where officers will be more informed of COVID-19 related restrictions which may affect timetable operations for next winter.

#### **4.8.**

As outlined in the report presented to Committee to consider the summer 2022 timetable, the service may be subject to change if the COVID-19 pandemic continues to affect operations. The previously approved summer 2022 timetables will be subject to change whilst the COVID-19 pandemic continues to affect operations. It is therefore proposed to operate the winter+ timetable over the summer months, consistent with the last two years. Whilst this arrangement is not ideal, it reduces the need for crew to stay on board the vessel and is therefore taking necessary steps to ensure a continued service to the community during this time.

#### **4.9.**

As the timetables have remained consistent over the past few years, the Community Council Transport Representatives had no further comments or requests to alter the proposed timetables for winter 2022/23.

## **5. Proposed Timetables**

#### **5.1.**

The inter-island ferry timetables for winter 2022/23 are scheduled to operate from 26 September 2022 to 6 May 2023.

#### **5.2.**

On 27 January 2022, the proposed timetables (excluding Outer North Isles), together with feedback from the Ferry Services Consultative Forum, were considered by the Board of Orkney Ferries Limited and recommended to the Council for implementation.

#### **5.3.**

There were no proposed changes to the timetables outlined at Appendix 1 to this report. Following further consultation with the communities during summer 2022, it is proposed that powers be delegated to the Interim Executive Director of Finance, Regulatory, Marine and Transportation Service, in consultation with the Ferry Services Manager, to determine the Winter Outer North Isles timetables.

## **6. Corporate Governance**

This report relates to the Council complying with governance and procedural issues and therefore does not directly support and contribute to improved outcomes for

communities as outlined in the Council Plan and the Local Outcomes Improvement Plan.

## **7. Financial Implications**

### **7.1.**

The timetables proposed in this report, and attached as Appendix 1, represent a continuation of the existing level of service provision.

### **7.2.**

In advance of a service budget being established as part of the Council's annual budget setting process for financial year 2022 to 2023, the level of ferry service provision for next financial year is subject to an adequate budget being made available for that purpose.

## **8. Legal Aspects**

### **8.1.**

Section 153 (2) of the Local Government (Scotland) Act 1973 empowers the Council to "acquire, provide, maintain, improve and operate any ferry situated wholly or partly within their area".

### **8.2.**

Orkney Ferries Limited operates the ferry services on behalf of Orkney Islands Council under Service Level Agreements dated 30 May 2008.

### **8.3.**

The Service Level Agreements state that the timetables for the winter period should be recommended by the Company to the Council's Development and Infrastructure Committee for approval.

### **8.4.**

The Service Level Agreements state that Orkney Ferries Limited will operate the "Approved Services" and in return for funding from the Council. The definition of "Approved Services" covers inter-isles ferry services as approved by the Council.
