

**ORKNEY**  
ISLANDS COUNCIL

**Item: 4**

**Pension Fund Sub-committee: 25 February 2026.**

**Pension Fund – Draft Budget.**

**Report by Head of Finance.**

---

## **1. Overview**

- 1.1. The Orkney Islands Council Pension Fund is constituted under the various Local Government Pension Funds Acts and related regulations and provides pension benefits to all local government employees, excluding principally teachers, together with four other organisations of a statutory or voluntary nature which have been accepted into the Pension Fund as admitted bodies.
- 1.2. The Pension Fund is built up from contributions from both employees and employing bodies, together with interest and dividends from investments, out of which pensions and other benefits are paid.
- 1.3. The Council acts as administering authority for the Orkney Islands Council Pension Fund and establishment of an annual service budget in advance of financial year, with monthly budget monitoring reports prepared by officers and quarterly budget reports to the Pension Fund Sub-committee, form part of the governance arrangements for the Pension Fund.
- 1.4. The draft budget for 2026/27 is attached at Annex 1, with further detail provided in section 3 below.

## **2. Recommendations**

- 2.1. It is recommended that members of the Sub-committee:
  - i. Approve the draft revenue budget for the Orkney Islands Council Pension Fund for financial year 2026/27, attached as Annex 1 to this report, to be submitted to the Policy and Resources Committee for consideration through the budget setting process.

### 3. Budget Setting

3.1. The Pension Fund budget is split into four specific areas, as follows:

- Pension Fund Operations – where all pension payments, retirement lump sums and death benefits are paid, and all contributions are received in respect of Orkney Islands Council Pension Fund members.
- Pension Fund Admitted and Scheduled Bodies – where all pension payments, retirement lump sums and death benefits are paid, and all contributions are received in respect of members of the following bodies:
  - Orkney Ferries Limited.
  - Pickaquoy Centre Trust.
  - Orkney Islands Property Developments Limited.
- Pensions Administration – where the costs of administering the Pension Fund are charged. These include staff costs for the Pension Section, overheads relating to the running costs of this service and apportioned costs for any other central service staff spending an element of their time working on the Pension Fund.
- Pension Fund Investments – where gains and losses on the investments are recognised and offset by fund managers' fees, consultant costs and any apportioned costs for staff spending an element of their time working on the Pension Fund investment performance and strategy.

3.2. The draft budget for 2026/27 has been prepared using the revised base-line budget for 2025/26 as a starting point and factors in the following key inflationary assumptions:

- 3.8% increase in pensions payable.
- 3.5% increase in salaries.
- 3.5% increase in apportioned costs.

3.3. In addition to the inflationary assumptions detailed above, the draft budget has also been adjusted to reflect the following baseline pressures:

- Staff Costs – pension payments have been increased due to an estimated 96 additional pensioners and 16 additional dependants in 2025/26.
- Supplies and Services – Fund Manager fees have been increased to reflect the value of the Fund's investments. IT costs have been added on Pensions Dashboards. Pensions Dashboards is on course to be implemented later this year.

- Transport Costs-budget has been created to cover costs of officers and members attending Pension Fund Meetings, events and training.
  - Miscellaneous Expenditure-budget has been increased to reflect the average of death grants over the last 5 years.
- 3.4. The main change which has resulted in baseline savings are investment gains which have been increased by £7,700,700 to reflect the improved value of the Pension Fund investments during financial year 2025/26. The fund is estimated to gain 5.2% in financial year 2026/27 and is based on the current investment strategy for the Pension Fund managed investments.
- 3.5. The draft revenue budget for the Orkney Islands Council Pension Fund for financial year 2026/27, indicating a surplus of £35,213,700 which incorporate all the above assumptions, is attached as Annex 1 to this report.
