# Introduction by the Area Commander

## Chief Inspector Scott Robertson

I present to you the Orkney Police and Fire Subcommittee Scrutiny Report, covering the reporting period 01 April 2025 to 31 December 2026.

I hope the style of the report is continuing to provide you with the required breakdown of crime statistics for Orkney Area Command. The Orkney islands, characterised by its rural landscape and dispersed population, presents unique challenges for policing. Despite these challenges, your local policing team has worked diligently to keep communities safe, support victims, reduce crime, and increase community engagement. This report provides you with a picture of the demand and activity which has been ongoing in Orkney over the last fiscal year.

One of the main focuses for this time period continues to be Road Safety. Road crime numbers have generally increased, particularly speeding offences which can be attributed to proactive policing initiatives in response to us listening to communities. We maintain a strong presence on the roads, collaborating with partners through initiatives like Operation CEDAR to promote safe driving practices via both education and enforcement to reduce serious traffic incidents.

While Orkney has seen positive outcomes, challenges remain, including anti-social behaviour which continue to be of concern to our communities. To address these challenges, future priorities include working with partners to address underlying issues and Strengthening relationships with the community and responding to their concerns. Building strong relationships with the community is essential for effective policing.

The team has actively engaged with local residents, businesses, and community groups through various initiatives. Strong partnerships have been forged with other agencies and voluntary organisations. These relationships assist in tackling local issues and improve community safety.

Please note, due to the different sources of data being used, and the different methodology/ counting rules, comparison of recorded Domestic crimes and Hate crimes from 1st April 2024 with recorded Domestic crimes and Hate crimes prior to 1st April 2024 would not be advised.

We have not provided these comparisons in this report, however comparisons to last year are now possible.

The Orkney Islands continue to be a safe and resilient place for residents and visitors alike.

The team's dedication to proactive policing, community engagement, and partnership working has been instrumental in achieving these results. By addressing emerging challenges and maintaining a focus on safer communities, the policing team will continue to make a positive impact within the community.

The approach to prevention is informed by the principles and values of youth work and a public health approach to violence prevention. **Fraud:** - The Highland and Islands continue to see an increase in Fraud offences with a continued increase visible across the year. We Continue to see several banking frauds, and more recently seen several frauds which have occurred due to e-mail interceptions/hacking. It would also appear that cryptocurrency related frauds are becoming more frequent. We are working nationally to review our approach to dealing with fraud type offences and continuing to engage with community groups particularly the elderly as a demographic particularly vulnerable to fraud type offences.

**Theft by Shoplifting:** - This year saw the launch of the National Retail Crime Task Force and operation LAMBIE within the Highland and Islands. This is a proactive, intelligence-led policing initiative designed to combat shoplifting across key retail areas in the Highlands. This operation deployed plain clothes police officers alongside uniform colleagues to conduct targeted patrols within identified problem premises.

**Common Theft:** The Highland and Islands has seen an increase in Common Theft in recent months, and we are also experiencing a rise in reported cooking oil thefts. Another trend contributing to the increase in common thefts is Petrol Drive Offs, Scottish Crime Recording Standards are such that these are always raised as a crime until enquiry proves any genuine errors.

Workshops delivered to partners across Orkney.

ACT Early is a program delivered to schools across the Highland area. The ACT Early session is a vehicle for debate around the sensitive issue of violent extremism within communities.
