Property Services

A range of fees and charges applies in respect of property related enquiries managed by the Estates Team. You are advised to review the undernoted list to determine if a charge is applicable to your enquiry or seek advice from the Estates Team if required.

Third party specialist advice required by the Council to deal with your enquiry will be recharged at its actual cost. For example, a request to purchase land or property not currently for sale may require the Council to commission a valuation surveyor to provide a valuation report which enables the Council to fully consider your request. The cost of obtaining the property valuation is payable by the applicant in advance of work being carried out.

The commercial value (for example the sale price, rent or servitude value) of an agreed request is payable in addition to the fees noted below.

A discount of 50% is available for eligible charities and community groups requesting temporary use of land or property for fundraising purposes or for a community event.

6. Guidance Notes relating to Lets

Who the Charges Apply To

Our standard hire charges apply to:

- Local voluntary organisations
- Private individuals
- Commercial users

Some groups may be eligible for free use of certain facilities, including heat and lighting. These groups include:

- Youth organisations
- Senior citizens' groups
- Community education groups

If a youth organisation is using a facility for **fund-raising**, the normal hire fee will apply.

Charity Fund-Raising Discount

If a booking is being used to raise money for a **national or locally recognised charity**, the hirer may receive a **50% reduction** on the hire fee.

To qualify, the organisation must provide a **written statement** confirming that:

- All proceeds (after legitimate expenses) will be donated to the charity.

Performing Rights Society (PRS) Fees

If music is played during your event, **PRS fees may apply**. These will be added where required.

Additional Staffing Costs

If your booking requires janitorial or stewarding services, these will be charged separately. Please note:

- Higher rates apply for weekend bookings.

For more information, please contact Education, Communities and Housing Services.

7. Guidance Notes on VAT Levy on letting of facilities

Hiring rooms for meetings or general use

- Most room hires for meetings, training or community use are not subject to VAT.
- If you choose extra services or equipment, VAT may be added to those extras.

Hiring sports facilities

Some sports bookings are exempt from VAT, meaning no VAT is added to the hire charge. This applies when any one of the following conditions is met:

The booking lasts more than 24 hours

A single continuous hire of over 24 hours is VAT-free.

A block booking of 10 or more sessions

A series of bookings is VAT-free if all of these apply:

- At least 10 sessions
- Same activity each time
- Same facility each time
- Sessions are 1–14 days apart
- A written agreement covers the whole series
- The hirer is a school, club, or association
- The hirer has exclusive use during each session

The facility is used for a non-sporting purpose

If a sports hall or pitch is used for something other than sport (e.g., exams, fairs, events), the hire is VAT-free.

Extra services and equipment

Some things are included automatically, and some are optional extras:

Included as part of the hire (no extra VAT)

These follow the same VAT treatment as the main booking:

- Changing rooms
- Standard lighting
- Basic supervision

Optional extras (VAT will be added)

These are treated as separate services and are charged at the standard VAT rate:

- Floodlighting for special matches
- Lifeguard services
- Cloakroom attendants
- Specialist or additional equipment

VAT is only added to the cost of these extras, not the whole booking.
