Salting, Gritting and Snow Clearing

1. Statement of Policies

The winter service operation should be delivered in accordance with the Council's Winter Service Policy and this document.

2. Response Time on Receipt of a Weather Warning

The target response time is one hour. This is the mobilisation period for commencing winter service operations (that is gathering employees and preparing equipment) following receipt of a weather warning. Once treatment has commenced the target completion time for Carriageway Priority 1's is 2 hours.

3. Carriageway and Footway Hierarchy

The process for establishing carriageway and footway hierarchies is defined in the Winter Service Policy. The hierarchy is updated annually following consultation.

Carriageways and Footways shall be treated in accordance with the priorities shown in Appendix 1 and Appendix 2.

4. Car Park Hierarchy

The list of car parks to be treated is set out in Appendix 3.

When notified, car parks adjacent to cemeteries will be treated prior to any funeral.

5. Salt Bins

Salt bins will be deposited and maintained in locations such as known trouble spots, steep hills, dangerous bends, and densely populated areas not on priority routes, as set out in Appendix 4. Additional bins may be instructed throughout the winter as deemed necessary.

The Council will provide salt bins, for self-help by members of the public only where the following criteria are met: -

1. In general, where the location is not on a Priority 1 or 2 route.
2. The bin shall not obstruct pedestrians.
3. The location shall not obstruct junction sight lines.
4. In general, where the location is not within 200 metres of another salt bin location.
5. The location is within the boundary of the public road.
6. The Council will not provide bins in private roads or car parks or any other public or private property unless a service level agreement is in place.

Bins will only be located where they can be filled from a lorry and shall be replenished on a regular basis during the winter period, as resources permit.

The location of each bin will be recorded in an electronic database, with a unique identity code for each item.

Formal requests should be submitted to the Council's Neighbourhood Services for consideration.

Where the criteria for a bin are met the provision will be dependent on available resources.
